PORTUGAL CRYPTO DAY

SUPPORTED BY THE **CERTICOLAB** PROJECT AND EEA GRANTS

NOVA FCSH, 13th December 2024

- ◊ Cutting-edge cryptography research in longer-form talks
- ◊ Theoretical and practical advances
- ◊ Chance to establish wider collaborative networks
- ◊ Similar events: [UK](#), [US](#), [Japan](#), [Switzerland](#), ...

- ◊ Showcase **cryptography research** in Portugal, and by Portuguese researchers
- ◊ Build **networks** for collaborations in research and funding proposals
- ◊ **Ambition**: make Portugal/Iberian Peninsula a hub for cryptography research

Alex Davidson

DI, NOVA FCT

Professor Auxiliar

Carlos Cid

Simula UiB, Norway

Director

ORGANIZAÇÃO

- ◊ Project funded by **EEA Grants** for initiatives between Norway and Portugal
- ◊ Collaborative laboratory for investigating advances to multi-party computation frameworks
- ◊ **Five** funded **research visits** between **NOVA FCT** and **Simula UiB**
 - Including by PhD/Masters students
- ◊ Financing for this Crypto Day workshop
- ◊ Ongoing research in building blocks for MPC

- ◊ Seven 30 minute talks (10 minutes for qs)
- ◊ Four 10 minute short talks (2 mins for qs)
- ◊ Two catered breaks (10:50-11:10, 15:20-15:40).
- ◊ Uncatered lunch (12:30-13:45).
- ◊ Closing: 17:00 (→ celebratory drink).
